

TalkRiskGroup.com - Cookie Policy

Introduction

Like most websites, this website uses Cookies. Otherwise known as a type of tracking software, a cookie is a small text file that is sent to your browser from a web server and stored on your device (computer, tablet, or phone). This policy also applies to similar technologies that store or access information on your device, such as local or session storage and pixels. Most web browsers allow some control of most cookies through the browser settings. To find out more about cookies, including how to see what cookies have been set and how to manage and delete them, visit www.allaboutcookies.org.

Cookies we use

We use Google Analytics tracking cookies to collect anonymous traffic data about how visitors use our site. We use the information to compile reports and to help us improve the site.

The cookies collect information in a pseudonymised or aggregated form, including the number of visitors to the site, where visitors have come to the site from and the pages they visited, as well as online identifiers such as IP address (where indicated in the table below). Because some of this information may be personal data, it is handled in accordance with our Privacy Policy. To opt out of being tracked by Google Analytics across all websites visit <http://tools.google.com/dlpage/gaoptout>. Google uses cookies to track visits to the site. We are not responsible for the use of, or data collected by, cookies that Google may set.

We also use cookies for Facebook advertising, which track the visitor and allow us to communicate with you after you have left the website.

We run cookies to aid the management of the site and for the purposes of authentication, registration, and taking payment, and to store session information. Cookies that are strictly necessary to provide a service you have requested (such as logging in or completing a payment) are Essential Cookies. Cookies that only improve or personalise your experience are Non-Essential Cookies and are set only with your consent. Each of these cookies, with its provider, purpose and duration, is listed in the table below.

What types of cookies do we use?

The below list details the cookies used in our website.

COOKIE	DESCRIPTION
wpEmojiSettingsSupports	Essential Cookie - WordPress emoji-support detection (stored in your browser's session storage rather than as a conventional cookie), used so that emojis display correctly on the website. Expires when you close your browser.
cdnjs	Essential Cookie - Traffic optimization and distribution, IP address is collected (provided by a third-party CDN)
Google LLC	Non-Essential Cookie - Google Analytics 4 is a web analysis service provided by Google LLC ("Google"). Google utilizes the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services. Google may use the Data collected to contextualize and personalize the ads of its own advertising network only where you have consented to advertising cookies; you can change this at any time through our cookie settings or via Google's ad settings. In Google Analytics 4, IP addresses are used at collection time and then discarded before Data is logged in any data centre or server.
BunnyWay d.o.o.	Non-Essential Cookie - Bunny CDN is a traffic optimization and distribution service provided by BunnyWay d.o.o.
ga#	Non-Essential Cookie - Used by Google Analytics 4 to persist session state
_ga	Non-Essential Cookie - Used by Google analytics to identify a unique user
ga#	Non-Essential Cookie- Used for Marketing

Your consent

We hope you found this short explanation helpful. Essential Cookies are set automatically because they are necessary for the website to function or to provide a service you have requested. For all Non-Essential Cookies (including analytics, marketing and advertising cookies), we will only set them after you have given clear, affirmative consent through our cookie banner, which you may withdraw at any time as easily as you gave it (for example, through the cookie settings link on every page). Continuing to use our website does not constitute consent to Non-Essential Cookies.
